# Lang's Gardens

BOULDER, COLORADO

Dear Friends:

At the time of this writing the Postmaster General has announced an embargo on third class mail, effective April 29. Since our 1957 Iris catalog will not be ready for mailing by that time, this action may possibly delay its delivery to you. Therefore we are taking this opportunity to let you know the many varieties of Iris our new catalog will list.

We do not have room to show here all the collection offers our catalog contains. On the back of this sheet are Group Collection prices that permit economical purchasing of medium to lower priced varieties. If you wish to place an order now, we will be pleased to receive it. Our past customers know how liberally we fill their orders, and if you will list several other varieties you would like — in addition to those ordered — we will include some as "extras" where stocks permit.
